

## Auto Drain

### Application

- Compressor Pneumatic System
- Seperator
- Air Dryer
- Air Receiver tank

### Features

- High Quality , Low cost
- Auto Drain
- Air Shutoff Drain

AD402-04

HAD-20B

### AD402-04

<b>Drain Status</b>	<b>: Normal Open Type</b>
<b>Port</b>	<b>: 1/2"</b>
<b>Operating working pressure</b>	<b>: 1.5 - 10 Bar</b>
<b>Media Temperature</b>	<b>: -5 .. 60C</b>
<b>Drain Port</b>	<b>: 3/8"</b>
<b>Attention</b>	<b>: When using, The drainer should be install vertically and the drain port shold face down</b>

### HAD-20B

<b>Type od Drain</b>	<b>: Floating Type</b>
<b>Port</b>	<b>: 1/2"</b>
<b>Body</b>	<b>: Aluminium Alloy die casting</b>
<b>Max. working pressure</b>	<b>: 0-16 Bar</b>
<b>Max. working Temperature</b>	<b>: 0-100C</b>
<b>Largest Capacity</b>	<b>: 400 L/H</b>
<b>Drain Port</b>	<b>: 1/2"</b>
<b>Filtration Precision</b>	<b>: 0.001 PPM</b>
